

## STAKEHOLDERS

CCEPA functions because of the support and interest of a variety of stakeholders. These individuals and organizations are identified here:

- The two founding institutions: Atlantic School of Theology & Saint Mary's University
- Corporate, foundation and individual supporters
- Board Members
- The CCEPA Constituency: an audience of interested individuals who attend the Centre's public events
- CCEPA Research Fellows and Scholars in Residence
- Provincial Government
- Partners, collaborators, and supporters with whom we develop and deliver programs
- Organizations which CCEPA assisted in developing ethical policies and practices
- Staff

CCEPA's goal is to meet the expectations of these groups and individuals while remaining to the mission, vision and values. CCEPA should monitor satisfaction of participants through the regular evaluation and feedback process and adjust programming if warranted.
