

WAR IN THE AGE OF INTELLIGENT MACHINES

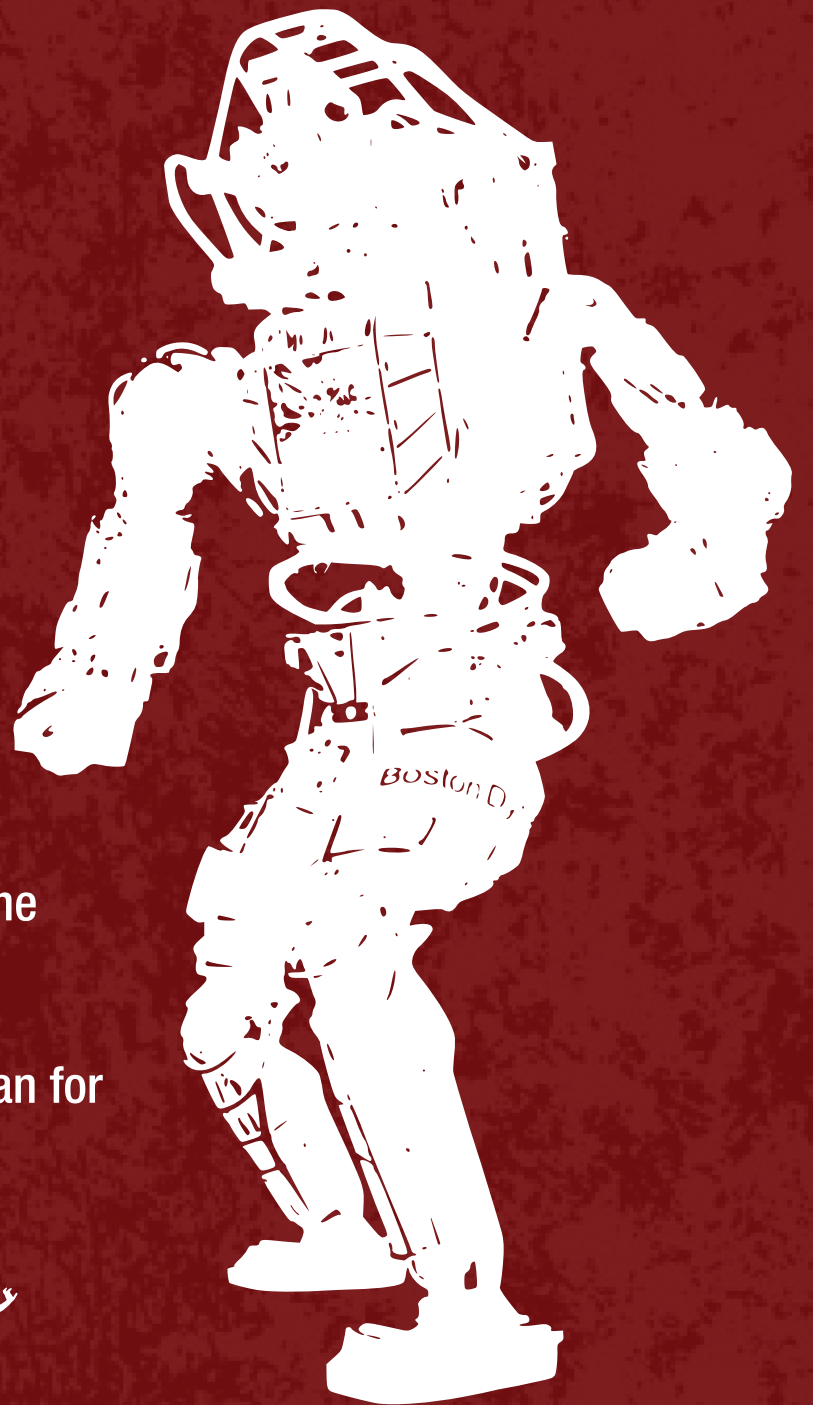

**A Debate on the role of
autonomous weapons
and killer machines**

Dr. Noel Sharkey
Renowned Professor of Robotics and
Popular BBC Commentator

Dr. Duncan MacIntosh
Professor of Philosophy,
Dalhousie University

Dr. Noel Sharkey and Dr. Duncan MacIntosh debate the
role of autonomous weapons and killer machines.

What's this future going to look like? What's that mean for
us? To what degree should we be concerned?
